#### MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, June 6, 1961

*To the Honorable Members of the Senate*  
*State of California*  
*Sacramento, California*

GREETINGS: I am returning without my signature

Senate Bill No. 726, entitled, "An act to amend Section 6002 of the Financial Code, relating to savings and loan associations."

This bill would have limited the licensing of branches of state-chartered savings and loan associations to locations within a radius of 50 miles of the association's principal office.

If the lending area prescribed for federal associations is increased to a 100-mile radius in the near future, as is now contemplated, the federal associations should be allowed to obtain branches within that 100-mile radius. This would place the state associations at a substantial disadvantage in regard to branches, since the language of the bill does not establish a "moving conformity" to the federal rules.

This consequence of the bill had not been contemplated at the time of its passage. Therefore, at the suggestion of the Savings and Loan Commissioner and with the agreement of the author of the bill, Senator Hugh M. Burns, I am vetoing the bill so as not to place state associations at a disadvantage with their federal competitors.

Accordingly this bill is hereby being returned without my signature.

Respectfully submitted,

EDMUND G. BROWN, Governor

Above bill ordered to unfinished business file.

WHEREAS, The joyful news has reached this Senate that the Honorable John Lynch of Tulare County, Chairman of the State Board of Equalization, has succumbed to the traditional season of June and moon, and to the charms of Mrs. Beatrice M. Johnson of Fresno; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Members of this Senate extend to John Lynch their congratulations upon the occasion of his marriage with Mrs. Johnson in Reno, Nevada on June 1, 1961, and extend to the happy couple their best wishes for happiness and success; and be it further

*Resolved*, That the Secretary of the Senate is directed to transmit a suitably prepared copy of this resolution to Mr. and Mrs. John Lynch.

By Senators Hollister and Christensen:

**Senate Resolution No. 178**

Relative to the employment of older persons

WHEREAS, Studies by the Governor's Conference on the Problems of the Aging, by the Assembly Interim Committee on Industrial Relations, by the Governor's Commission on the Employment and Retirement Problems of Older Workers and by other governmental and private organizations have shown that sometimes older workers are hindered in their efforts to secure employment by rigid and unsound rules and policies based solely on age limits; and

WHEREAS, The Department of Employment of the State of California having carried out the directions of the Legislature to "establish and maintain a job counseling and placement service for those persons who are encountering, or may be expected to encounter, difficulty in getting or keeping a job principally because of age" as embodied in Assembly Bill No. 2161 enacted in the 1959 Session has reported marked success from its counseling and placement activities as shown by the report of Irving H. Perluss, Director of the State Department of Employment, issued May 15, 1961, showing that the "local offices of the State Employment Service placed 93,794 job applicants 45 years of age and over in employment in business and industry in 1960, an increase of 10.2 percent over the 1959 figure of 85,089," and that the placement of "job applicants 45 years of age and over totaled 7,051 in recession March of 1961, an increase of 56.5 percent over the 4,794 such placement in recession March of 1958"; and

WHEREAS, The enactment of rigid statutory prohibitions against discrimination on account of age seriously affects many legitimate personnel and employment practices in no wise involving discrimination solely on account of age; now, therefore, be it

*Resolved by the Senate of the State of California*, That it commends the Department of Employment for its excellent program for the assistance of older workers to secure employment, and earnestly urges its continued co-operation with other departments, agencies and institutions, both public and private, in providing job counseling and placement services and developing employment programs for older workers; and, be it further

*Resolved*, That the Senate of the State of California urges and requests the Department of Employment of this State to carry on its program of education, information, research, study and community organization concerning the problems of older workers in seeking, obtaining and holding employment; and be it further

*Resolved*, That it is the opinion of the Senate that adequate funds should be provided to the Department of Employment to continue and expand its program of job placement in this field; and be it further

*Resolved*, That the Secretary of the Senate is hereby directed to transmit a copy of this resolution to the Director of the Department of Employment.

Senator Burns moved that the President pro Tempore be directed to advise the State Social Welfare Board that the Committee on Labor and Welfare will conduct its investigation into the subject matter of Senate Resolution No. 129 in its own good time and will not brook any intimidation by the said board.

Senator Burns further moved that a separate letter be directed to the Director of the Department of Social Welfare inquiring whether the contemptuous comments of one of the department's employees characterizing Senate Resolution No. 129 as a "Khrushchev-type veto" represents the attitude of the department and if it does not, that his subordinates be cautioned against further comments which might reflect disregard for the Senate of the State of California.

Motion carried.

WHEREAS, This event, which was held in March of this year was participated in by a great number of sailors of Olympic Class yachts and was generally recognized as an event of high Corinthian standards; and

WHEREAS, The holding of a regatta of this nature is in the highest public interest in stimulating competition among Corinthian yachtsmen; now, therefore, be it

*Resolved by the Senate of the State of California,* That the Alamitos Bay Yacht Club be commended for its enterprise in developing a regatta for the Olympic

Classes, and that it be congratulated upon the outstanding success of the first of these events; and be it further

**Senate Resolution No. 183**  
Relating to "Operation Palette"

WHEREAS, There is on display at the State Capitol Rotunda from the 9th to the 16th of this month of June, 1961, an exhibition of art consisting of pictures composed by Navy Combat Artists of the Combat Art Section of the United States Navy Exhibition Center; and

WHEREAS, The program leading to the exhibition of these artistic works began late in December, 1941, when the United States Navy commissioned a small number of high-ranking professional artists to faithfully put down with brush, pen and crayon the experiences of the seaman, marines and airmen who fought and served with our naval forces; and

WHEREAS, These paintings depict the United States Navy in action during the long months of World War II, the Korean action, on maneuvers and patrol in the Mediterranean and China Seas and on one of our Navy's polar expeditions; and

WHEREAS, This unique collection of American military art under the name of "Operation Palette" has been displayed throughout the United States and is concluding a four-month California tour with its exhibition here at the Capitol; and

WHEREAS, It is therefore fitting and proper at this time that we all pay tribute to the gallant artists who risked their lives so that we, the people of the United States, might have a better understanding of our Navy in war and peace; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Members of this Senate commend the United States Navy and its combat artists whose creative skill, courage and determination made Operation Palette possible, and thank them for their service to all of us; and be it further

WHEREAS, The State Board of Social Welfare is authorized to fix minimum wages of social workers employed by counties, pursuant to Sections 119.5 and 119.6 of the Welfare and Institutions Code and regulations promulgated thereunder; and

WHEREAS, This provision often conflicts with the power of the various boards of supervisors to set salaries of county employees and in some instances leads to inequitable results; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Senate Committee on Rules shall assign the subject of the powers of the State Board of Social Welfare to regulate the salaries of local welfare employees to the appropriate Senate factfinding committee for investigation and study and that such committee shall report its findings, together with any recommendations for legislation, to the Senate by the fifth legislative day of the 1963 Regular Session.

*Lord of all life, Creator and Redeemer, we thank Thee for the opportunity we have been granted to serve our beloved State. Let us not break faith with our promises of other days, nor be content until we have righted the wrongs of yesterday. Speak with us today in the secret chamber of our hearts, that we may cast aside all selfish and unworthy thoughts and ambitions, all malice toward those who disagree with us or oppose us, all hesitancy in surrendering our wills to Thine. To Thy faithful guardianship we commend our Governor and all who share with him the demanding duties of government. May we abhor all lesser standards of the right, and, with a robust courage, with poise and self-control, may we choose the higher ways of life, where mercy, truth, sincerity and justice shall one day meet to the establishment of God's Kingdom among men and nations, through Jesus Christ, our Lord. AMEN.*

STATE OF CALIFORNIA, DEPARTMENT OF WATER RESOURCES  
SACRAMENTO, June 9, 1961

*Hon. Joseph A. Beek*  
*Secretary of the Senate*  
*State Capitol, Sacramento*

DEAR MR. BEEK: I have previously acknowledged your letter calling my attention to Senate Concurrent Resolution No. 39, adopted in the Senate on April 6, 1961. The resolution has been reviewed by members of my staff with a view of determining the extent of participation by the Department of Water Resources in the conduct of the investigation outlined in Senate Concurrent Resolution No. 39. It is noted that the resolution requests the Department of Public Works to make highway planning funds available for the study. As no financial arrangements are provided on behalf of the Department of Water Resources, I believe that the responsibility of the department should be limited to recommendations on scenic highway locations or relocations which affect or are affected by state water development projects. The department, therefore, will be a minor participant.

I shall be pleased to assign Mr. Albert J. Dolcini of the Division of Resources Planning to co-operate with the staffs of the other participating agencies named in the resolution and offer any and all assistance that may be required in the study to the extent of the financial ability of the department.

Sincerely yours,

WILLIAM E. WARNE, Director

cc. Director, Department of Public Works  
Director, Department of Natural Resources  
State Office of Planning

## REQUEST FOR UNANIMOUS CONSENT

Senator Collier asked for, and was granted, unanimous consent to have the following opinion of the Legislative Counsel regarding Senate Bill No. 47 printed in the Journal.

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL  
3021 STATE CAPITOL, SACRAMENTO  
SACRAMENTO, June 9, 1961

*Hon. Randolph Collier*  
*Senate Chamber*

Vehicle Code—No. 17893

DEAR SENATOR COLLIER:

*Question*

You have called our attention to your Senate Bill No. 47 (now Chapter 58 of the 1961 Regular Session) and, particularly, to the form in which certain sections of the bill were drafted. For example, the bill repeals Section 675 of the Vehicle Code *as amended by Chapter 1996 of the Statutes of 1959*. However, Section 675 was also amended by Chapter 1668 of the Statutes of 1959, and the question has been raised whether that section will remain in effect in that form following the adjournment of this session of the Legislature.

*Opinion*

Vehicle Code Section 675, and other sections similarly treated,\* will remain in effect notwithstanding their repeal by your Senate Bill No. 47 in the form in which Chapter 1996 of the Statutes of 1959 would have placed them.

*Analysis*

The problem which is here involved is discussed in the *1960 Report on Legislation Necessary to Maintain the Codes*, at page 24. This report, which is prepared by this office pursuant to Government Code, Section 10242, was filed with the Legislature on March 1, 1960. It pointed out that a special problem was created by the enactment of Chapter 1996 in 1959, in that a number of changes in the Vehicle Code which would have been made by that chapter never became operative because of the language of the chapter itself.

The provision involved is found in Statutes of 1959, at page 4641 (Section 54 of Chapter 1996). It reads:

“SEC. 54. The provisions of Section 9605 of the Government Code shall not apply to this act.

“In the event any provision of the Vehicle Code enacted by the Legislature at the 1959 Regular Session which is amended or repealed by any of the preceeding sections of this act is also affected by any other enactment of the Legislature at the 1959 Regular Session . . . † the conflicting section of this act shall not be operative.”

This section in Chapter 1996 has the effect of reversing the ordinary rule of construction under which the last enacted chapter supersedes all prior, conflicting chapters enacted at that session (Gov. C. Sec.

\* In addition to Section 675, Sections 11102, 11107, 11802, 13350, 16053, 21457, 22452, and 35790 of the Vehicle Code were amended by Chapters of the 1959 Statutes other than Chapter 1996, thus rendering the amendments to those sections by Chapter 1996 inoperative.

† Exceptions not pertinent here.

9605). Thus, Section 675 of the Vehicle Code never became operative in the form provided by Chapter 1996, but it did take effect in the form provided by Chapter 1668 of the Statutes of 1959.

The repeal of the inoperative form of Section 675, *as amended by Chapter 1996 of the Statutes of 1959*, does not affect the language of the section as presently in effect, in our opinion. Therefore, in this respect, your Senate Bill No. 47 (Chapter 58 of the Statutes of 1961) has only the effect of clearing presently inoperative language out of the Vehicle Code.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel  
By GEORGE H. MURPHY, Principal Deputy

## MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, June 9, 1961

*To the Honorable Members of the Senate**State of California**Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

**Senate Bill No. 78**, entitled, "An act to add Section 1267 to the Code of Civil Procedure, relating to negotiations by public agencies with respect to proposed acquisition of property."

This bill would require all public agencies acquiring property to offer the property owner the agency's "approved" appraisal value or values and inform the property owner of any comparable sales included in the appraisals.

This bill reflects an understandable concern over the process of condemning property for public use. This concern has been reflected in the action of the Law Revision Commission which has presented a series of proposals to this session of the Legislature. The commission is continuing to study the whole framework of condemnation procedures. I am reluctant to approve any piecemeal legislation in this area while a general broadly based revision of the law is still in process. I am persuaded that this bill should be not approved because of several technical defects which could lead to duplicity on the part of public agencies. I note also that the bill requires that only public agencies reveal this information. It seems incongruous to assume that public agencies are less forthright in their negotiations than the various private utility companies which are also empowered to condemn property.

Accordingly, I am returning the bill without my signature.

Respectfully submitted,

EDMUND G. BROWN, Governor

Senate Bill No. 78 ordered to unfinished business file.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, June 8, 1961

*To the Honorable Members of the Senate  
State of California  
Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

**Senate Bill No. 342**, entitled, "An act to add Section 5900.65 to the Harbors and Navigation Code, relating to harbor improvement districts."

This bill provides that law enforcement officers of harbor improvement districts shall have the power of peace officers to enforce laws, ordinances or regulations applicable to harbors, beaches, tidelands and recreational areas owned, operated or under the control of the district.

Senate Bill No. 342, like Senate Bill No. 267 which I returned unsigned to you last week, represents another piecemeal attempt to confer peace officer status on specified persons. The reasons for refusing to sign Senate Bill No. 342 are the same as those indicated in my message to you concerning Senate Bill No. 267. I am against classifying additional groups and individuals as peace officers until this entire problem has been analyzed by Senator Cameron's proposed Interim Committee Study on the subject.

Accordingly, I am returning the bill without my signature.

Respectfully submitted,

EDMUND G. BROWN, Governor

Senate Bill No. 342 ordered to unfinished business file.

Relative to a toll tube crossing between San Diego and Coronado.

WHEREAS, Transportation facilities between San Diego and Coronado are very inadequate and force lengthy delays upon motorists traversing between the two cities; and

WHEREAS, At the request of the Legislature a study was made by the Department of Public Works in 1957 which showed that a toll tube crossing would be economically feasible; and

SEC. 10. Section 23757 of said code as added by Senate Bill 1152 is repealed.

[23757. The residence of each student shall be determined in accordance with the rules for determining residences prescribed by Sections 243 and 244 of the Government Code, except that for the purpose of this section it shall be deemed that the residence of an unmarried minor who has a parent living cannot be changed by either his own act or that of his guardian. Every alien student is deemed to be a nonresident student unless he has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States.

Nothing in this section or in Sections 243 and 244 of the Government Code prevents the trustees from causing to be classified as a resident student:

(a) Any citizen of the United States, or any alien who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States, who has attained his majority according to the laws of this State, and who for a period of one year immediately preceding the opening day of a semester during which he proposes to attend a state college has been entirely self-supporting and actually present in the State, with the intention of acquiring a residence therein.

SEC. 11. Section 23756 is added to Article 1 (commencing with Section 23751) of Chapter 3 of Division 18 of said code, as added by Senate Bill 1152, to read:

23756. "A resident student" means any person who has been a bona fide resident of the State for more than one year immediately preceding the opening day of a semester during which he proposes to attend the state college.

The residence of each student shall be determined in accordance with the rules for determining residence prescribed by Sections 243 and 244 of the Government Code. The residence of an unmarried minor who has a parent living cannot be changed by either his own act or that of his guardian, except that:

(a) Where immediately prior to first entering any California institution of higher learning the minor child has lived with and been in the continuous direct care and control of any person or persons other than a parent for a period of not less than

two years, the residence of the minor child is the residence of the person, or persons having such care and control after the expiration of that two years. As used in this subdivision, "California institution of higher learning" means any public or private university, college, or junior college in the State.

(b) Any person who qualifies for residence status under subdivision (a) of this section or under Sections 243 and 244 of the Government Code shall not lose such residence status by virtue of his marriage to a nonresident who lives in California nor shall such person be required to re-establish residency upon reaching his or her majority.

(c) Any minor child, a citizen of the United States, or any alien, who is a minor child, who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States, who does not receive and has not for a period of more than one year immediately preceding the opening day of a semester during which he proposes to attend the state college received, directly or indirectly, any support or financial assistance from his father, if the minor lives with his mother, who is and has been for a period of more than one year immediately preceding the opening day of the semester actually present in the State with the intention of making her permanent home therein, is a resident student.

SEC. 12. Sections 9, 10 and 11 of this act shall become operative only if Senate Bill No. 1152 is enacted by the Legislature at its 1961 Regular Session, and in such case at the same time as Senate Bill No. 1152 takes effect; at which time Section 23759 of the Education Code as amended by Section 5 of this act is repealed."

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 1188.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, May 11, 1961

*To the Honorable Members of the Assembly and Senate:*

**Assembly Bill No. 1188**, "An act to codify Chapter 1739, Statutes of 1953, by repealing said chapter, and adding Chapter 6.5 (commencing with Section 1231) to Part 1, Division 1 of the Public Utilities Code, relating to allocation to counties, cities, and cities and counties for the construction of grade-crossing protections, and making an appropriation,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

I, therefore, recommend consideration of Assembly Bill No. 1188 as an emergency measure.

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 5.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, May 10, 1961

*To the Honorable Members of the Assembly and Senate:*

**Assembly Bill No. 5**, "An act to amend Section 2160, and to add Section 2160.2, and to repeal Section 2160.4, of the Welfare and Institutions Code, relating to the eligibility for old age assistance,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill extends the protection and security of Old Age Security and Aid to Needy Disabled to noncitizens. For the most part there are long term residents of the State who during their active life have contributed greatly to the general welfare and progress of the State. It is simple justice that we eliminate this last vestige of discrimination from our public assistance laws as have all other important industrial states in the union.

I, therefore, recommend consideration of Assembly Bill No. 5 as an emergency measure.

Respectfully submitted,

EDMUND G. BROWN, Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 658:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, May 4, 1961

*To the Honorable Members of the Assembly and Senate:*

**Assembly Bill No. 658**, "An act to add Sections 3084.01 and 3472.01 to the Welfare and Institutions Code, relating to the amount of grant for recipients of aid to needy blind,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill proposes to cover the unusual needs of the blind which are not covered by the basic grant allowance. The bill provides for meeting these needs up to a maximum of \$165 per month.

The provisions of this bill are in accordance with my recommendations to the 1961 Legislature. Funds to finance the cost of this bill are contained in my 1961 Budget Message to the Legislature.

I, therefore, recommend consideration of Assembly Bill No. 658 as an emergency measure.

Respectfully submitted,

EDMUND G. BROWN, Governor

*To the Honorable Members of the Assembly and Senate:*

**Assembly Bill No. 519**, "An act to amend Section 2020.02 of the Welfare and Institutions Code, relating to old age assistance,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill proposes to cover the unusual needs of the 250,000 needy aged of this State and extends a \$5 grant increase, bringing the basic grant to a total of \$100 per month. This bill also calls for annual cost of living increases for the needy aged in accordance with the increases which take place in the Consumers Price Index as published by the United States Bureau of Labor Statistics.

The provisions of this bill are in accordance with my recommendations to the 1961 Legislature. Funds to finance the cost of this bill are contained in my 1961 Budget Message to the Legislature.

I, therefore, recommend consideration of Assembly Bill No. 519 as an emergency measure.

Respectfully submitted,

EDMUND G. BROWN, Governor

*Resolved by the Senate of the State of California.* That the State Board of Control is hereby requested to receive claims from the employees of the Department of Water Resources relative to their loss and that the board is requested to institute necessary action to reimburse said employees the reasonable value of their loss incurred as a direct result of their compliance with transfer instructions issued by the Department of Water Resources; and be it further

*God of all Power and Might, the Maker and Ruler of Men and Nations, we commend this day's session of our State Senate to the guidance of Thy wisdom, to the keeping of Thy love. May the members of this Senate whom Thy people have chosen to serve them, serve Thee in honesty of purpose and uprightness of life. May they never forget their answerableness to the people whom they serve and to that people's God. Deliver them from the love of power and from motives of personal gain; from considerations of men or money in place of the demands of truth and justice; and from losing patriotism in partisanship. Bless them in their ministry with an ever larger vision of the truth, and an ever deeper sense of the demands of righteousness; that through their faithfulness the life of our people may be guided by wise policies, and lifted to higher ideals and nobler achievements; through Jesus Christ our Lord. AMEN.*

**TELEGRAM**

SAN FRANCISCO, CALIFORNIA  
June 14, 1961

*Lieutenant Governor Glenn Anderson  
State Capitol, Sacramento*

It is with regret and with sorrow I learned of the death of your beloved and faithful colleague Senator Jim McBride. I served many years in the Legislature with Senator McBride and found him to be a loyal public servant whose heart and soul was dedicated to the best interest of the people of the State of California. **CALL OF THE SENATE**

Motion carried.

Time, 3.10 p.m.

**PROCEEDINGS UNDER CALL OF THE SENATE  
MESSAGES FROM THE GOVERNOR**

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, June 13, 1961

*To the Honorable Members of the Senate  
State of California  
Sacramento, California*

GREETINGS: I am returning without my signature

**Senate Bill No. 209** entitled "An act to add Section 5010.4 to the Public Resources Code, relating to the state park system."

This bill would exempt from the "facilities use fee" the daytime use of state parks by groups of elementary or secondary school children if the group is sponsored by the school and accompanied by a faculty member.

Under existing law the fee set by the Division of Beaches and Parks for groups of this type is 10¢ per person or \$2 per bus load, whichever is less. I do not believe fees of this nominal nature discourage groups of school children from visiting our state parks. I also believe strongly that the state parks should be supported in part by the people who use them. If any legislative exemptions are created it will be next to impossible to draw the line between those who should and those who should not be charged. For this reason, approval of this bill would, I believe, be the beginning of a virtually irreversible erosion of the principle of charging a modest use fee. *To the extent that it may be desirable to minimize the impact of the use fee for any particular class of users of state parks this can be taken care of, as it now is, by administrative adjustment of the fee schedule for those particular classes.* The existing system thus serves the purpose of encouraging the widespread use of the state parks without damaging the principle that those who use the parks should contribute to their support.

Accordingly, I am returning the bill without my signature.

Respectfully submitted,

EDMUND G. BROWN, Governor

Senate Bill No. 209 ordered to unfinished business file.

WHEREAS, A complete study of the problems involved in this area is necessary in order properly to reach a reasonable solution of such problems; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Senate Rules Committee is directed to assign to an appropriate interim committee the study of the subject matter of Assembly Bill No. 527 and Assembly Bill No. 1166, and to direct the committee to report thereon to the Senate by the fifth legislative day of the 1963 Regular Session, including in the report its recommendations for appropriate legislation.

**Senate Resolution No. 199**

Relating to the Black Point-Sears Point Road

WHEREAS, State Highway Routes 8 and 208, familiarly known as the Black Point-Sears Point Road, located in Marin, Sonoma and Solano Counties, adjacent to Napa County, is an important link in our national defense network of highways; and

WHEREAS, This road serves as a major artery for traffic to and from Hamilton Air Force Base, Mare Island Navy Yard, Travis Air Force Base, Golden Gate Bridge, and Sacramento and Napa Valley points, as well as being a heavily-traveled farm-to-market route for agriculturists, vineyardists and poultry raisers, and other farm products; and

WHEREAS, This Senate, in past years, has endorsed widening of State Highway Routes 8 and 208, and the California Highway Commission has already widened and improved Route 8 between Ignacio, Marin County, and Sears Point, Sonoma County, to freeway standards; and

WHEREAS, The Division of Highways of the Department of Public Works has developed preliminary design plans for a freeway and limited access road for Route 208 between Sears Point and its junction with U.S. 40 in Solano County, but the California Highway Commission has allocated no funds for construction, or completion of engineering services; and

WHEREAS, This section of Route 208 is only two lanes in width with no adequate shoulder space along the right-of-way for emergency parking on most of its length, and is admittedly sub-standard according to modern highway design; and

WHEREAS, Traffic over this section of Route 208 is continuously increasing, and widening of the road is urgently needed, as soon as funds are made available, in the interest of public safety and convenience; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Members of the Senate request the Director of Public Works and the California Highway Commission to give immediate consideration to budgeting funds in the 1962-63 state highway budget for widening that part of State Highway Route 208 from Sears Point to the junction of U.S. 40 to a four-lane divided highway and to advise the Senate of any action taken; and be it further

## Senate Resolution No. 201

Relating to farm program

WHEREAS, The proposed Agricultural Act of 1961, H.R. 6400 by Mr. Cooley of North Carolina and S. 143 by Senator Ellender of Louisiana, is essentially based upon the same sound principle of farmer self-help that has been so successful in California's own widespread program of marketing agreements; and

WHEREAS, The act recognizes that our abundance should be used to improve the diets and the health of children and needy persons in the United States and to strengthen the cause of democracy throughout the world; and

WHEREAS, The act seeks to improve our stewardship of the land through strengthening the system of democratically administered, independent soil conservation districts which has changed the face of the farming areas of the nation over the past 30 years; and

WHEREAS, The act intends also to conserve human resources on the land by strengthening the family farm and the co-operative organizations of family farmers and by offering an opportunity to marginal farmers and young farm people to upgrade their skills and their properties in the great tradition of the Farmers' Home Administration; and

WHEREAS, The act, through its provisions for the use of a variety of economic devices, suitable to differing situations which may arise in various crops, rather than by set and rigid formulas, affords farmers the opportunity to improve their position with little, if any, retail price increases and at no net cost to the public treasury; and

WHEREAS, It appears that programs under the act will be developed, administered and advised upon by democratically elected committees of working farmers, subject to the sound principle of legislative review; now, therefore, be it

*Resolved by the Senate of the State of California*, That Representative Cooley and Senator Ellender are congratulated upon their drawing of an act which should long stand as a landmark in national farm policy, and the California delegation to Congress is urged to give their strong support to the act in committee, and the Congress of the United States is urged to pass it with the sound agricultural and public policy principles embodied in it left unimpaired; and be it further

*Resolved*, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, to each member of Congress from California and to the chairmen and members of the House and Senate Agricultural Committees and the Secretary of Agriculture.

**Senate Resolution No. 202**

**Relating to a federal fish hatchery in Nevada**

WHEREAS, This area presently is used by thousands of Californians and Nevadans for public recreation but is inadequately supplied with proper fishing facilities due to the lack of adequate hatchery production in certain areas; and

WHEREAS, The federal budget as adopted by the Senate of the United States presently provides for \$150,000 for the start of a fish hatchery project in this area; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Congress of the United States is hereby respectfully requested to appropriate sufficient money to commence the construction of a fish hatchery project in Douglas County, Nevada, for the benefit of the people of the State of California and Nevada; and be it further

*Resolved*, That the Secretary of the Senate transmit suitably prepared copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 272.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, May 9, 1961

*To the Honorable Members of the Assembly and Senate:*

**Assembly Bill No. 272**, "An act to amend Section 4000 of, and to add Section 4001 to, the Welfare and Institutions Code, relating to aid to the disabled,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill modifies the definition of disability for the Aid to Needy Disabled program to permit the inclusion of certain cases within the program earlier in the stage of the onset of the disabling condition. There is a group of disabled persons who are not now included but whose condition is irreversible, and disablement within the present limited definition is certain in the near future. These persons merit earlier attention and the opportunity to obtain needed medical services.

The provisions of this bill are in accordance with my recommendations to the 1961 Legislature. Funds to finance the cost of this bill are contained in my 1961 Budget Message to the Legislature.

I, therefore, recommend consideration of Assembly Bill No. 272 as an emergency measure.

Respectfully submitted,

**EDMUND G. BROWN, Governor**

## Senate Resolution No. 166

Relative to requesting the Civil Aeronautics Board to institute an investigation to determine the adequacy of scheduled interstate air transportation to and from the Metropolitan Oakland International Airport.

WHEREAS, The Port of Oakland, City of Oakland and Oakland Chamber of Commerce have filed a complaint with the Civil Aeronautics Board, Docket No. 12385, supported by 46 public and other agencies, including the California Aeronautics Commission, alleging that the air transportation services provided by the scheduled air carriers at Metropolitan Oakland International Airport are inadequate and unjustly discriminatory; and

WHEREAS, In connection therewith, and as part thereof, said parties have petitioned the Civil Aeronautics Board to institute an investigation pursuant to the Federal Aviation Act of 1958 to determine whether the services, equipment and facilities provided for the scheduled interstate air transportation of persons, property

WHEREAS, The situation has become so critical that it is imperative that something be done to correct the same; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Civil Aeronautics Board be requested to institute an investigation pursuant to the Federal Aviation Act to determine whether the services, equipment and facilities provided for the scheduled interstate air transportation of persons, property and mail to and from the Metropolitan Oakland International Airport are either inadequate or unjustly discriminatory, or both, under the Federal Aviation Act; and be it further

Thou hast created us in an infinite variety and endowed us with a diversity of gifts and interests. Yet Thou hast also given us love and justice and an inner sense for these qualities of the mind and spirit, so that in them we might find our common bonds, our strength, our peace, and upon them we might build our laws. Wilt Thou continuously sensitize, stir up, and strengthen our concern for that love and justice which seems to be part of our image in Thy likeness, so that what is said and done in this place may bring a workable unity, a peace, security and the joy of life to Thy children in the State of California. AMEN.

STATE OF CALIFORNIA, DEPARTMENT OF WATER RESOURCES  
SACRAMENTO, June 14, 1961

*Hon. Joseph A. Beek*  
*Secretary of the Senate*  
*State Capitol, Sacramento*

DEAR MR. BEEK: I have the honor to transmit herewith for the information of the California State Senate a report, entitled "Progress Report on Upper Sacramento River Basin Investigation," dated May, 1961. This comprehensive water resources investigation was originally selected by this department for study under the California Water Development Program, in 1956. It was first given specific legislative sanction by the inclusion of study funds in the Budget Act of 1958. Work on the investigation was initiated in July, 1958, with completion scheduled for July, 1963. Legislative direction was given during the 1958 Session by adoption of Assembly Concurrent Resolution No. 33. This resolution named specific reservoir sites for consideration and extended the areal scope of the original investigation to include Paskenta Reservoir on Thomas Creek.

This report is submitted at this time to inform all concerned of the progress made to date on the investigation. The report and available background material will also provide information which will be useful to interested local agencies and to the department in its continuing phases of the investigation.

Sincerely yours,

W. E. WARNE, Director

School District Certificated Employees—Tenure—Nos. 17945, 18152

DEAR SENATOR GRUNSKY:

*Question*

With reference to the effect of Senate Bill No. 946, as introduced, which would apply the mandatory teachers' tenure provisions of the Education Code to certain school districts for the first time, you have asked whether an employee of such district, who has been employed by the district in a position requiring certification qualifications for at least three complete successive school years and who is still so employed on the effective date of the bill, would acquire permanent status as of that date.

*Opinion*

In our opinion such employees would not acquire permanent status on the effective date of the bill. While the matter is not free from doubt, we believe that it would be necessary for such employees to serve three complete successive school years after the effective date of the bill and then be re-elected for a fourth year in order to acquire permanent status.

*Analysis*

Senate Bill No. 946, as introduced, would amend various sections of the Education Code to make the provisions giving certificated school district employees permanent status upon being re-elected to serve for

the school year following completion of the three year probationary period, applicable in all districts with an average daily attendance of 250 or more pupils, rather than 850 or more pupils. Under existing law, a certificated employee of a school district affected by the bill in which the mandatory tenure provisions are not now applicable, may acquire permanent status only at the discretion of the governing board (Sec. 13307, Ed. C.).

An employee of a district in which the mandatory tenure provisions do apply acquires permanent status upon being re-elected for a fourth consecutive school year of service with the district in a position requiring certification qualifications after having served for the preceding three complete consecutive school years with probationary status in such position (see Secs. of Ed. C. amended by S.B. 946). The question relates to the effect of Senate Bill No. 946 on an employee of a school district which becomes subject to the mandatory tenure provisions for the first time if the employee's service with such district has been such that he would have acquired permanent status if his service had been in a district in which the mandatory tenure provisions applied. In our opinion, such employees would not acquire permanent status on the effective date of the bill.

It is a well established rule that, unless a contrary intent is clearly expressed, a legislative enactment will not be applied retrospectively so as to operate on matters that occurred, or on rights, obligations, and conditions that existed before the time of its enactment, to give them an effect different from that which they had under the previously existing law (45 Cal. Jur. 2d 552). Thus, in the absence of any provision of the bill to provide for recognition of any service prior to the bill's effective date, we believe that an employee would not acquire permanent status until he was re-elected for a fourth year after having served three complete successive school years with probationary status *after, and not including the school year in which the bill takes effect.*

It can be strongly argued that it would not be the intent of the Legislature that an employee with several years or more of prior continuous successful service with a school district would not receive any credit for such service toward the acquisition of permanent status in the school district and on this basis it is possible that the courts, in construing the provisions of S.B. 946, would modify the application of the rule discussed above to allow some credit for such service. However, while the question is not entirely free from doubt, we believe that in the absence of any provision in the act for such credit, the amendments made by the bill would not be given any retrospective application.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

#### Senate Resolution No. 210

Relating to business and professions

WHEREAS, Hundreds of thousands of persons in California today depend for their livelihood on businesses, professions and occupations licensed and regulated by the State; and

WHEREAS, These people comprise an important segment of our economy and are entitled to the same protection of law in the conduct of their affairs as is granted to persons for whom no license is required; and

WHEREAS, The regulations under which these people seek their livelihoods are promulgated largely by state agencies subject to little or no control by the electorate; and

WHEREAS, The Legislature likewise has little control over these state agencies once they receive broad grants of power; and

WHEREAS, This combination of circumstances has produced the unwholesome situation whereby licensees have become, in effect, captives of the agencies which regulate them, so that arbitrary actions go unchallenged because of fear of reprisals; and

WHEREAS, The system of administrative hearings provided by law, instead of offering relief from arbitrary actions, all too frequently aggravates injustices, since the agencies are enabled under this set-up to act as accuser, prosecutor, jury and judge; and

WHEREAS, Another weakness in the system is that frequently members of the staff of the Attorney General's office, assigned to these agencies, become advocates of these agencies, even though the public interest may conflict with their actions; and

WHEREAS, Under our Constitution there are no second-class citizens, and licensees of the State are entitled to a Bill of Rights spelling out in detail their obligations under the licenses, and giving them the right to speedy and inexpensive appeal from capricious and arbitrary action by the agencies that regulate them; now, therefore, be it

*Resolved by the Senate of the State of California,* That the Senate of the State of California hereby goes on record that the adoption of a Bill of Rights for Business, Professions and occupations licensed by the State is necessary; and be it further

*Resolved,* That the Senate Fact Finding Committee on Judiciary is hereby authorized and directed to ascertain, study and analyze all facts relating to the subject of this resolution and the desirability of, or necessity for, legislation in this field, and to report thereon to the Senate, including in its report recommendations, if any, for appropriate legislation not later than the 30th calendar day of the 1963 Regular Session of the Legislature.

Resolution read, and referred to Committee on Rules.

WHEREAS, Such use covers many crops in all sections of the State and is not limited as to area or commodity; and

WHEREAS, The lack of knowledge as to optimum condition of such factors as effect the even distribution of materials by aircraft has had widespread and serious impact upon farmers and may have significance to consumers; and

WHEREAS, Production costs can be reduced, yields can be improved, proper rates of application of pesticides and herbicides can be approached, and all segments of society benefitted by a knowledge of the technical aspects of aircraft application of material and seed; now, therefore, be it

*Resolved by the Senate of the State of California,* That the University of California be requested to give immediate consideration to the expansion of its existing research program as it relates to the problems associated with uniform distribution in the application of seed and materials to land and crops using those models of aircraft and spreading devices as are presently in common use in the industry and report its findings to the Senate Factfinding Committee on Agriculture as soon as practicable.

WHEREAS, Many suggestions have been made by the bench and bar for the revision and extension of discovery procedures, particularly as to making discovery available to both the prosecution and the defense and as to defining what materials may be inspected, at what stage in the proceedings discovery should be allowed, and the manner in which discovery procedures should be utilized; and

WHEREAS, It is desirable for the Legislature to study this subject and to adopt orderly procedures for discovery in criminal cases; now, therefore, be it

**Senate Bill No. 1530**—An act to add Section 10116 to the Insurance Code, relating to life and disability insurance.

#### Amendment No. 1

On page 1, strike out line 3, of the printed bill, and insert

"10116. No group life insurance policy or disability insurance policy shall be issued or delivered in this State where the premiums or any part thereof is paid or is to be paid in whole or in part by an employer pursuant to the terms of a collective bargaining agreement unless the policy provides that in the event of a cessation of work by the employees covered by the policy as the result of a labor dispute

tue policy, upon timely payment of the premium, shall continue in effect with respect to all employees insured by the policy on the date of the cessation of work who continue to pay their individual contribution for the period of cessation of work, under the following conditions:

(a) If the policyholder is not a trustee or the trustees of a fund established or maintained in whole or in part by the employer, the policy shall provide that the employee's individual contribution shall be the rate in the policy, on the date cessation of work occurs, applicable to an individual in the class to which the employee belongs as set forth in the policy. If the policy does not provide for a rate applicable to individuals, the policy shall provide that the employee's individual contribution shall be an amount equal to the amount determined by dividing (1) the total monthly premium in effect under the policy at the date of cessation of work by (2) the total number of persons insured under the policy at such date.

(b) If the policyholder is a trustee or the trustees of a fund established or maintained in whole or in part by the employer, the employee's contribution shall be the amount which he and his employer would have been required to contribute to the trust for such employee if (1) the cessation of work had not occurred and (2) the agreement requiring the employer to make contributions to the trust were in full force.

(c) The policy may provide that the continuation of insurance is contingent upon the collection of individual contributions by the union or unions representing the employees for policies referred to in subdivision (a) above, and by the policyholder or the policyholder's agent with respect to policies referred to in subdivision (b) above.

(d) The policy may provide that the continuation of insurance on each employee is contingent upon timely payment of contributions by the individual and timely payment of the premium by the entity responsible for collecting the individual contributions.

(e) The policy may provide that each individual premium rate shall be increased by any amount up to twenty percent (20%), or any higher percent which may be approved by the commissioner, of that otherwise shown in the policy during the period of cessation of work in order to provide sufficient compensation to the insurer to cover increased administrative costs and increased mortality and morbidity. If the policy does provide for such an increase, this shall have the effect of increasing the employee's contribution by a like percent.

(f) Nothing in this section shall be deemed to limit any right which the insurer may have in accordance with the terms of the policy to increase or decrease the premium rates before, during or after such cessation of work if, in fact, the insurer would have had the right to increase the premium rate had the cessation of work not occurred. If such a premium rate change is made, it shall be effective, notwithstanding any other provisions of this section, on such date as the insurer shall determine in accordance with the terms of the policy.

(g) The policy may contain such other provisions with respect to such continuation of insurance as the commissioner may approve.

(h) The policy may provide that, if a premium is unpaid at the date of cessation of work and such premium became due prior to such cessation of work, the continuation of insurance is contingent upon payment of such premium prior to the date the next premium becomes due under the terms of the policy.

Nothing herein shall be deemed to require the continuation of any loss of time payments included in any such group disability policy, nor of any other coverages beyond the time that seventy-five percent (75%) of the employees continue such coverage or as to any individual employee beyond the time that he takes full time employment with another employer; nor shall anything herein be deemed to require continuation of coverage more than six (6) months after the cessation of work."

**Request for Unanimous Consent**

Senator Richards asked for, and was granted, unanimous consent to have the following opinion of the Legislative Counsel regarding municipal operation of public utilities printed in the Journal.

OFFICE OF THE LEGISLATIVE COUNSEL  
SACRAMENTO, CALIFORNIA, June 4, 1961

*Honorable Montivel A. Burke*  
*Assembly Chamber*

**Municipal Operation of Public Utilities—No. 18832**

DEAR MR. BURKE:

*Question*

You have asked whether Article XI, Section 19, of the California Constitution would render unconstitutional legislation applying to municipal corporations operating a transportation system if such legislation should read as follows:

“No publicly owned public utility shall establish, construct, complete, acquire, or extend, directly or indirectly, either itself or by lease or contract with any other person or persons or otherwise, any mass rapid transit service system in such manner or form as will then substantially divert or reduce the patronage or revenues of the

system operated by the authority. The authority shall be entitled to injunctive relief against any publicly owned public utility to stop any act of such utility which is in violation of this section."

### Opinion

In our opinion such legislation would not be unconstitutional, but it could only operate in conformity with Section 19 of Article XI. Thus, it could not prevent a municipal corporation from supplying transportation services for its inhabitants in accordance with Section 19.

### Analysis

This legislation would prohibit a publicly owned utility from establishing any mass rapid transit service system in such a manner as will substantially divert or reduce the patronage or revenues of the system operated by the authority, and it would give to the authority the right to injunctive relief against a publicly owned public utility.

By the use of the term "authority," we have assumed that this legislation refers to a public authority of some type.

Section 19 of Article XI of the California Constitution, among other things, authorizes municipal corporations to establish and operate public works for supplying its inhabitants with transportation. In view of this provision we do not think that such legislation would be construed by the courts to prohibit a municipal corporation from supplying transportation services to its inhabitants within its own boundaries (see *In re Orosi Public Utility District* (1925), 196 Cal. 43, 55; *City of Mill Valley v. Saxton* (1940), 41 Cal. App. 2d 290, 294; *Sacramento Municipal Utility District v. Pacific Gas & Electric Co.* (1946), 72 Cal. App. 2d 638, 653). This would not invalidate the proposed statute, however, since it may be that there are "publicly owned public utilities" subject to its terms which do not fall within the constitutional protection for "municipal corporations."

Very truly yours,

RALPH N. KLEPS, Legislative Counsel  
By ALAN W. STRONG, Deputy

*To the Honorable Members of the Assembly and Senate:*

**Assembly Bill No. 1344**, "An act to add Sections 10028, 10029, 10086, 10131.1, 10131.2, 10145, 10146, and 10234 to the Business and Professions Code, and to add Article 5 (commencing with Section 10227) and Article 6 (commencing with Section 10240) to Chapter 3, Part 1, Division 4 of said code, and to amend Sections 10131, 10132, 10144, 10177, 10184, 10302, 10562, 11000, and 11010 of said code, and to repeal Section 10131.1 of said code as added by Chapter 1791 of the Statutes of 1955, Section 10132.1 of said code as added by Chapter 1791 of the Statutes of 1955, Section 10132.1 of said code as added by Chapter 1792 of the Statutes of 1955, Section 10134 of said code, Section 10134.1 of said code as added by Chapter 1791 of the Statutes of 1955 and Section 10134.1 of said code as added by Chapter 1792 of the Statutes of 1955, and Sections 10176.1, 10176.2, 10176.3, and 10176.4 of said code and to repeal Chapter 8 (commencing with Section 3081.01) of Title 14, Part 4, Division 3 of the Civil Code, relating to transactions involving real property, declaring the urgency thereof, to take effect immediately,"

**Senate Resolution No. 173**

Relative to age restrictions in employment

**WHEREAS**, Significant manpower changes are taking place in our economy which will have important implications for everyone, but especially for employers concerned with meeting their own manpower requirements for today and for the challenging decades ahead; and

**WHEREAS**, Age restrictions in hiring are a major stumbling block for many workers seeking employment, a recent survey in California of 2,700 job openings for women having showed that 16 percent of them contained age restrictions; and

**WHEREAS**, While age restrictions are prevalent among all employers, large employers tend to be more restrictive than smaller employers; and

**WHEREAS**, Women represent about 50 percent of California's population and 33 percent of her civilian labor force, and about 60 percent of the women in the labor force are over the age of 35 years, many of whom had their employment interrupted by family and home responsibilities; and

**WHEREAS**, Women properly trained and placed in employment are as productive as workers in other age groups and their continued employment would bolster the economy of the State by adding new dollars and reducing the need for aid and assistance grants; and

**WHEREAS**, While in comparison with other large states, California generally maintains a more favorable position with respect to age discrimination in employment, nevertheless, there is still much room for improvement in our hiring, retention, promotion and retirement policies as they are affected by age discrimination practices; now, therefore, be it

*Resolved*, That the Senate of the State of California urges all employers of the State, including the State and its political subdivisions, to discontinue age restrictions in hiring or retaining personnel and to hire solely on the basis of qualifications to do the job; and be it further

*Resolved*, That the State, through the Department of Education and the Department of Employment, encourage the training and retraining of mature women workers entering the labor market to the end that they may be gainfully employed; and be it further

*Resolved*, That the Department of Employment be commended for its forward looking action in expanding its program of Services to Older Workers, which has resulted in increased consulting in job placement services to this age group and brought to the State an awareness of the many employment problems facing this group and providing some means for their solution.

Resolution read.

**Senate Resolution No. 178**

Relative to the employment of older persons

WHEREAS, Studies by the Governor's Conference on the Problems of the Aging, by the Assembly Interim Committee on Industrial Relations, by the Governor's Commission on the Employment and Retirement Problems of Older Workers and by other governmental and private organizations have shown that sometimes older workers are hindered in their efforts to secure employment by rigid and unsound rules and policies based solely on age limits; and

WHEREAS, The Department of Employment of the State of California having carried out the directions of the Legislature to "establish and maintain a job counseling and placement service for those persons who are encountering, or may be expected to encounter, difficulty in getting or keeping a job principally because of age" as embodied in Assembly Bill No. 2161 enacted in the 1959 Session has reported marked success from its counseling and placement activities as shown by the report of Irving H. Perluss, Director of the State Department of Employment, issued May 15, 1961, showing that the "local offices of the State Employment Service placed 93,794 job applicants 45 years of age and over in employment in business and industry in 1960, an increase of 10.2 percent over the 1959 figure of 85,089," and that the placement of "job applicants 45 years of age and over totaled 7,051 in recession March of 1961, an increase of 56.5 percent over the 4,794 such placement in recession March of 1958"; and

WHEREAS, The enactment of rigid statutory prohibitions against discrimination on account of age seriously affects many legitimate personnel and employment practices in no wise involving discrimination solely on account of age; now, therefore, be it

*Resolved by the Senate of the State of California*, That it commends the Department of Employment for its excellent program for the assistance of older workers to secure employment, and earnestly urges its continued co-operation with other departments, agencies and institutions, both public and private, in providing job counseling and placement services and developing employment programs for older workers; and, be it further

*Resolved*, That the Senate of the State of California urges and requests the Department of Employment of this State to carry on its program of education, information, research, study and community organization concerning the problems of older workers in seeking, obtaining and holding employment; and be it further

*Resolved*, That it is the opinion of the Senate that adequate funds should be provided to the Department of Employment to continue and expand its program of job placement in this field; and be it further

*Resolved*, That the Secretary of the Senate is hereby directed to transmit a copy of this resolution to the Director of the Department of Employment.

### PRAYER

Prayer was offered by the Chaplain, Rev. Edward L. Peet:

*O Lord*, in the ebbing hours of this busy session we pray Thee to sort out for us the signs of Thy guiding hand. We have differed and we have disagreed; we have fought and resisted. We have seen Thee in the struggle, as we have striven for the right as we understood it. When illness or death assailed our ranks we have joined arms in a deeper friendship. And now we pray that the people of California will come to have a fair and generous understanding of that which we have done. Bless our Governor and all who administer authority with him that they with us may fashion a better tomorrow. And now may the Lord watch between me and thee while we are absent each from the other. AMEN.

STATE OF CALIFORNIA, DEPARTMENT OF WATER RESOURCES

SACRAMENTO, June 14, 1961

*Hon. Joseph A. Beek*  
*Secretary of the Senate*  
*State Capitol, Sacramento*

DEAR MR. BEEK: I have the honor to transmit herewith for the information of the California State Senate a Department of Water Resources report, entitled "Progress Report on Yuba and Bear River Drainage Basins Investigation," dated May, 1961. This comprehensive, basinwide water resources investigation was originally selected by the department for feasibility-level study under the California Water Development Program of 1956. It was first given specific legislative sanction by the inclusion of study funds in the Budget Act of 1957. Work on the investigation was initiated in July, 1957, with completion date originally scheduled for January, 1963. Subsequent modifications of objectives and scope have now made it possible to advance the anticipated completion date to June, 1962.

This report is submitted at this time to inform all concerned of the progress made to date on the investigation. The report and available background material also provide information which will be useful to the department in its continuing phases of this investigation.

Sincerely yours,

WILLIAM E. WARNE, Director

Attach.

Letter of transmittal ordered printed in the Journal, and the report filed with the Secretary of the Senate.

**CALL OF THE SENATE**

"SECTION 1. Section 24834 of the Revenue and Taxation Code is amended to read:

24834. [As used in Section 24833 "gross income from property" means the gross income from mining. "Mining" includes not merely the extraction of the ores or minerals from the ground but also the ordinary treatment processes normally applied by mine owners or operators in order to obtain the commercially marketable mineral product or products, and so much of the transportation of ores or minerals (whether or not by common carrier) from the point of extraction from the ground to the plants or mills in which the ordinary treatment processes are applied thereto as is not in excess of 50 miles unless the Franchise Tax Board finds that the physical and other requirements are such that the ore or mineral must be transported a greater distance to such plants or mills. "Ordinary treatment processes" includes the following: (a) In the case of coal—cleaning, breaking, sizing, and loading for shipment; (b) in the case of sulphur—pumping to vats, cooling, breaking, and loading for shipment; (c) in the case of iron ore, bauxite, ball and sagger clay, rock asphalt, and minerals which are customarily sold in the form of a crude mineral product—sorting, concentrating, and sintering to bring to shipping grade and form, and loading for shipment; and (d) in the case of lead, zinc, copper, gold, silver, or fluorspar ores, potash, and ores which are not customarily sold in the form of the crude mineral product—crushing, grinding, and beneficiation by concentration (gravity, flotation, amalgamation, electrostatic, or magnetic), cyanidation, leaching,

crystallization, precipitation (but not including as an ordinary treatment process electrolytic deposition, roasting, thermal or electric smelting, or refining), or by substantially equivalent processes or combination of processes used in the separation or extraction of the product or products from the ore, including the furnacing of quicksilver ores.]

For purposes of this section and Section 24833—

(a) The term "gross income from the property" means, in the case of a property other than an oil or gas well, the gross income from mining.

(b) The term "mining" includes not merely the extraction of the ores or minerals from the ground but also the treatment processes considered as mining described in paragraph (d) (and the treatment processes necessary or incidental thereto), and so much of the transportation of ores or minerals (whether or not by common carrier) from the point of extraction from the ground to the plants or mills in which such treatment processes are applied thereto as is not in excess of 50 miles unless the Franchise Tax Board finds that the physical and other requirements are such that the ore or mineral must be transported a greater distance to such plants or mills.

(c) The term "extraction of the ores or minerals from the ground" includes the extraction by mine owners or operators of ores or minerals from the waste or residue of prior mining. The preceding sentence shall not apply to any such extraction of the mineral or ore by a purchaser of such waste or residue or of the rights to extract ores or minerals therefrom.

(d) The following treatment processes where applied by the mine owner or operator shall be considered as mining to the extent they are applied to the ore or mineral in respect of which it is entitled to a deduction for depletion under Section 24835:

(1) In the case of coal—cleaning, breaking, sizing, dust allaying, treating to prevent freezing, and loading for shipment;

(2) In the case of sulfur recovered by the Frasch process—cleaning, pumping to vats, cooling, breaking, and loading for shipment;

(3) In the case of iron ore, bauxite, ball and sagger clay, rock asphalt, and ores or minerals which are customarily sold in the form of a crude mineral product—sorting, concentrating, sintering, and substantially equivalent processes to bring to shipping grade and form, and loading for shipment;

(4) In the case of lead, zinc, copper, gold, silver, uranium, or fluorospar ores, potash, and ores or minerals which are not customarily sold in the form of the crude mineral product—crushing, grinding, and beneficiating by concentration (gravity, flotation, amalgamation, electrostatic, or magnetic), cyanidation, leaching, crystallization, precipitation (but not including electrolytic deposition, roasting, thermal or electric smelting, or refining), or by substantially equivalent processes or combination of processes used in the separation or extraction of the product or products from the ore or the mineral or minerals from other material from the mine or other natural deposit;

(5) The pulverization of talc, the burning of magnesite, the sintering and nodulizing of phosphate rock, and the furnacing of quicksilver ores;

(6) In the case of calcium carbonates and other minerals when used in making cement—all processes (other than preheating of the kiln feed) applied prior to the introduction of the kiln feed into the kiln, but not including any subsequent process;

(7) Any other treatment process provided for by regulations prescribed by the Franchise Tax Board which, with respect to the particular ore or mineral, is not inconsistent with the preceding provisions of this paragraph.

(e) Unless such processes are otherwise provided for in subdivision (d) (or are necessary or incidental to processes so provided for), the following treatment processes shall not be considered as "mining": electrolytic deposition, roasting, calcining, thermal or electric smelting, refining, polishing, fine pulverization, blending with other materials, treatment effecting a chemical change, thermal action, and molding or shaping.

**Article 1.5. Concession Contracts**

5019.10. The Department of Natural Resources may enter into contracts with persons, firms or corporations to maintain and operate concessions within the state park areas for the safety and convenience of the general public in the use and enjoyment of the state park system. The department shall obtain the approval of the Department of Finance before entering into any such contract if the contract would authorize occupancy of property owned or controlled by the State for a period of more than one year.

5019.11. All concession contracts authorizing occupancy of property owned or controlled by the State for a period of more than two years shall be awarded to the best responsible bidder pursuant to the bid procedures of this article. "Best responsible bidder" means the responsible bidder determined by the department to be the bidder whose bid will be in the best interest of the State and who will operate the concession consistent with the contract and in the interest of the public.

5019.12. Before entering into any contract authorizing occupancy for a period of more than two years of property owned or controlled by the State, the department shall prepare an accurate summary of the concession, which shall include a description of the nature and term of the concession, the extent of rights to be granted, the duties and obligations of the concessionaire (including payment, if any, for utilities), minimum rates and guaranties to the State, and such other items as may be necessary to permit bidding solely on the basis of rates to be paid to the State.

5019.13. Public notice to bidders shall be given of all contracts authorizing occupancy for a period of more than two years of property owned or controlled by the State as follows:

(a) Once a week for two consecutive weeks in at least one newspaper of general circulation published in each of the five most populous counties in the State.

(b) Once a week for two consecutive weeks in a newspaper of general circulation in the county in which the concession is to operate.

(c) If the director determines that, in view of the type of concession involved, the public interest would be best served by the solicitation of bids from out-of-state bidders, he shall give such additional notice as he finds is best suited to attract bids from out-of-state bidders.

5019.14. The notices shall state the time and place for the receiving and opening of sealed bids and described in general terms the concession to be operated.

5019.15. The department shall require from prospective bidders answers to questions contained in a standard form of questionnaire and financial statement including a complete statement of the prospective bidder's financial ability and experience in maintaining and operating similar or related concessions or business activities. When completed, the questionnaire and financial statement shall be verified under oath by the bidder in the manner in which pleadings in civil actions are verified.

5019.16. The questionnaires and financial statements are not public records and are not open to public inspection.

5019.17. All bids shall be presented under sealed cover.

5019.18. Whether or not bids are opened exactly at the time fixed in the public notice for opening bids, a bid shall not be received after that time.

5019.19. Any bid may be withdrawn at any time prior to the time fixed in the public notice for the opening of bids only by written request for the withdrawal of the bid filed with the Director of Natural Resources. The request shall be executed by the bidder or by duly authorized representatives. The withdrawal of a bid does not prejudice the right of a bidder to file a new bid.

This section does not authorize the withdrawal of any bid after the time fixed in the public notice for the opening of bids.

5019.20. On the day named in the public notice the department shall publicly open the sealed bids, and on the same date shall furnish copies thereof, together with the questionnaires and financial statements relating thereto, to the Joint Legislative Budget Committee. The department shall carefully study and analyze all such bids and, on or after the 31st day after the bids are opened, shall award the contract to the person then determined to be the best responsible bidder.

5019.21. If the director deems it is for the best interests of the State, he may, on the refusal or failure of the successful bidder to execute the contract, award it to the second best responsible bidder.

If the second best responsible bidder fails or refuses to execute the contract, the director may likewise award it to the third best responsible bidder.

5019.22. If the director deems the acceptance of the best responsible bid is not for the best interests of the State, he may reject all bids and advertise for other bids in the manner required by this article.

5019.23. A bidder shall not be relieved of his bid nor shall any change be made in his bid because of mistakes.

5019.24. Every contract awarded as to which bids are required under this article shall be submitted to the Attorney General. Such a contract is not binding on the State until the Attorney General finds it to be in accordance with the requirements of this article, and endorses such finding thereon.

5019.25. The Joint Legislative Budget Committee shall make a continuing study of the administration of this article and shall ascertain, study and analyze all facts relating to contracts for the operation of concessions within the state park areas. The committee shall report its findings annually to the Legislature, including in its reports its recommendations for appropriate legislation.

SEC. 7. Section 79 is added to the Agricultural Code, to read:

79. The provisions of Article 1.5 (commencing with Section 5019.10) of Chapter 1 of Division 5 of the Public Resources Code shall be applicable to the board in entering into all concession contracts in connection with the California State Fair and Exposition; provided that all such contracts shall be approved by the Department of Finance, and all such contracts, rather than only those authorizing occupancy of state property for a period of more than two years, shall be subject to the bid procedures of said article. Wherever in said article the terms "Department of Natural Resources," "department," or "Director of Natural Resources" are used, they shall, for the purposes of this section, be deemed to refer to the Board of Directors of the California State Fair and Exposition.

The Joint Legislative Budget Committee shall make a continuing study of the administration of said article with respect to its application to California State Fair and Exposition concession contracts and shall ascertain, study and analyze all facts relating to the operation of concessions at the California State Fair and Exposition. The committee shall include its findings and recommendations in the annual report required by Section 5019.25 of the Public Resources Code.

WHEREAS, State Highway Routes 8 and 208, familiarly known as the Black Point-Sears Point Road, located in Marin, Sonoma and Solano Counties, adjacent to Napa County, is an important link in our national defense network of highways; and

WHEREAS, This road serves as a major artery for traffic to and from Hamilton Air Force Base, Mare Island Navy Yard, Travis Air Force Base, Golden Gate Bridge, and Sacramento and Napa Valley points, as well as being a heavily-traveled farm-to-market route for agriculturists, vineyardists and poultry raisers, and other farm products; and

WHEREAS, This Senate, in past years, has endorsed widening of State Highway Routes 8 and 208, and the California Highway Commission has already widened and improved Route 8 between Ignacio, Marin County, and Sears Point, Sonoma County, to freeway standards; and

WHEREAS, The Division of Highways of the Department of Public Works has developed preliminary design plans for a freeway and limited access road for Route 208 between Sears Point and its junction with U.S. 40 in Solano County, but the California Highway Commission has allocated no funds for construction, or completion of engineering services; and

WHEREAS, This section of Route 208 is only two lanes in width with no adequate shoulder space along the right of way for emergency parking on most of its length, and is admittedly sub-standard according to modern highway design; and

WHEREAS, Traffic over this section of Route 208 is continuously increasing, and widening of the road is urgently needed, as soon as funds are made available, in the interest of public safety and convenience; now, therefore, be it

*Resolved by the Senate of the State of California*, That the Members of the Senate request the Director of Public Works and the California Highway Commission to give immediate consideration to budgeting funds in the 1962-63 state highway budget for widening that part of State Highway Route 208 from Sears Point to the junction of U.S. 40 to a four-lane divided highway and to advise the Senate of any action taken; and be it further

*Resolved by the Senate of the State of California*, That the Members thereof, for themselves and as representatives of the people of the State of California, heartily

"SEC. 2. Section 4453 of the Labor Code is amended to read:

4453. In computing average annual earnings for the purposes of temporary disability indemnity only, the average weekly earnings shall be taken at not less than [thirty dollars and seventy-seven cents (\$30.77) nor more than one hundred dollars (\$100)] *thirty-eight dollars and forty-six cents (\$38.46) nor more than one hundred seven dollars and sixty-nine cents (\$107.69)*. In computing average annual earnings for purposes of permanent disability indemnity, the average weekly earnings shall be taken at not less than thirty dollars and seventy-seven cents (\$30.77) nor more than eighty dollars and seventy-seven cents (\$80.77). Between these limits the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(a) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 95 percent of the number of working days a week times the daily earnings at the time of the injury.

(b) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 95 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(c) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by the week, month or other period, then the average weekly earnings mentioned in subdivision (a) above shall be taken as 95 percent of the actual weekly earnings averaged for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(d) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 95 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments.

SEC. 3. Section 4460 of the Labor Code is amended to read:

4460. For the purpose of computing the temporary disability indemnity payable to any employee who sustains an original injury causing temporary disability, the maximum average weekly earnings shall be taken at [one hundred dollars (\$100)] *one hundred seven dollars and sixty-nine cents (\$107.69)*. For the purpose of computing the permanent disability indemnity payable to any employee who sustains an original injury causing permanent disability, the maximum average weekly earnings shall be taken at eighty dollars and seventy-seven cents (\$80.77).

Every computation made pursuant to this section as last amended shall be made only with reference to temporary disability or such permanent disability resulting from an original injury sustained after the act last amending this section becomes effective; provided, however, that all rights presently existing under this section shall be continued in force."

Bill read third time.

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 1066.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE  
SACRAMENTO, May 17, 1961

*To the Honorable Members of the Assembly and Senate:*

**Assembly Bill No. 1066**, "An act to amend Sections 124.5, 4552, 4553 and 4604.5 of, to add Section 4552.5 to, and to repeal Sections 2020.003 and 3084.05 of, the Welfare and Institutions Code, relating to medical care for public assistance recipients,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill makes important improvements in the public assistance medical care program. Through the utilization of additional federal funds which became available in late 1960 and those voted just recently by Congress, it is possible to revise and upgrade the scope of medical services for aged, blind and disabled persons. This improvement in medical services to these needy persons will not result in any increased cost to either the state or county governments.

I, therefore, recommend consideration of Assembly Bill No. 1066 as an emergency measure.

Respectfully submitted,

EDMUND G. BROWN, Governor

(c) The policy may provide that the continuation of insurance is contingent upon the collection of individual contributions by the union or unions representing

the employees for policies referred to in subdivision (a) above, and by the policyholder or the policyholder's agent with respect to policies referred to in subdivision (b) above.

(d) The policy may provide that the continuation of insurance on each employee is contingent upon timely payment of contributions by the individual and timely payment of the premium by the entity responsible for collecting the individual contributions.

(e) The policy may provide that each individual premium rate shall be increased by any amount up to twenty percent (20%), or any higher percent which may be approved by the commissioner, of that otherwise shown in the policy during the period of cessation of work in order to provide sufficient compensation to the insurer to cover increased administrative costs and increased mortality and morbidity. If the policy does provide for such an increase, this shall have the effect of increasing the employee's contribution by a like percent.

(f) Nothing in this section shall be deemed to limit any right which the insurer may have in accordance with the terms of the policy to increase or decrease the premium rates before, during or after such cessation of work if, in fact, the insurer would have had the right to increase the premium rate had the cessation of work not occurred. If such a premium rate change is made, it shall be effective, notwithstanding any other provisions of this section, on such date as the insurer shall determine in accordance with the terms of the policy.

(g) The policy may contain such other provisions with respect to such continuation of insurance as the commissioner may approve.

(h) The policy may provide that, if a premium is unpaid at the date of cessation of work and such premium became due prior to such cessation of work, the continuation of insurance is contingent upon payment of such premium prior to the date the next premium becomes due under the terms of the policy.

Nothing herein shall be deemed to require the continuation of any loss of time payments included in any such group disability policy, nor of any other coverages beyond the time that seventy-five percent (75%) of the employees continue such coverage or as to any individual employee beyond the time that he takes full time employment with another employer; nor shall anything herein be deemed to require continuation of coverage more than six (6) months after the cessation of work.

"SEC. 2. Section 821 of said code as proposed to be amended by Senate Bill No. 1208 of the 1961 Regular Session is amended to read:

821. If the offense charged is a felony, the officer making the arrest must take the defendant before the magistrate who issued the warrant, or some other magistrate of the same county [, as provided in Section 824].

If the defendant is arrested in another county, the officer must, [upon being required by the defendant] *unless otherwise permitted by this section*, take him before a magistrate in that county, who must admit him to bail in the amount specified in the endorsement referred to in Section 815a [, and] *or shall fix bail as otherwise provided by law or shall refuse to set bail, if such refusal is so authorized. If bail is fixed, the magistrate shall then direct the defendant to appear before the court or magistrate by whom the warrant was issued on or before a day certain which shall in no case be more than 10 days after such admittance to bail. If bail be forthwith given, the magistrate shall take the same and endorse thereon a memorandum of the aforesaid order for the appearance of the defendant. However, instead of taking the defendant to a magistrate in the county in which the defendant is arrested, the officer making the arrest may explain to the defendant the above provisions of this paragraph and, in such case, shall then inquire of the defendant whether the defendant wishes to be taken instead to a magistrate in the county in which the offense is alleged to have been committed. If the defendant elects to be taken to the latter county, the officer may then take the defendant before a magistrate of such county.*

[If the warrant on which the defendant is arrested in another county does not have bail set thereon] *If the magistrate refuses to fix bail as provided above in this section, or if the defendant arrested in another county [does not require the arresting officer to take him before a magistrate in that county] voluntarily waives his right to be taken before a magistrate in the county in which the arrest is made for the purpose of being admitted to bail, or if such defendant, after being admitted to bail, does not forthwith give bail, the arresting officer shall immediately notify the law enforcement agency requesting the arrest in the county in which the warrant was issued that such defendant is in custody, and thereafter such law enforcement agency shall take custody of such defendant [within five days] without undue delay, and, in any event, within five days, in the county in which he was arrested and shall take such defendant before the magistrate who issued the warrant, or before some other magistrate of the same county.*

SEC. 3. Section 2 of this act shall become operative only if Section 821 of the Penal Code as proposed to be amended by Senate Bill 1208 is amended by the Legislature at its 1961 Regular Session and in such case at the same time as Senate Bill 1208 takes effect; at which time Section 821 of the Penal Code as amended by Section 1 of this act is repealed."

*Resolved by the Senate of the State of California, That Rule 12.5 of the Permanent Standing Rules of the Senate be amended to read:*

12.5. Thirteen Senate Permanent Fact Finding Committees hereinafter described are hereby created pursuant to Section 37 of Article IV of the California Constitution.

Whenever the Senate or a standing committee thereof recommends that the subject matter of a bill be referred to a fact finding committee for interim study, or a Member of the Senate requests in writing that a study be made, the Committee on Rules may assign such study to the Permanent Fact Finding Committee to which the general subject matter involved in the study has been allocated by this rule. The Permanent Fact Finding Committee to which such an assignment is made is authorized and directed to ascertain, study and analyze all facts relating to or bearing upon the subject so assigned including, but not limited to, the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating thereto, and to report thereon to the Senate, including in its reports its recommendations for appropriate legislation. When a specific study has been assigned as herein provided, the Committee on Rules may, in writing, authorize the extension of the study to any closely related subject which the Committee on Rules deems to be sufficiently connected with the matter originally assigned.

Each such committee shall consist of the number of Members of the Senate determined and appointed by the Senate Committee on Rules. The chairman and vice chairman of each committee shall be appointed by the Committee on Rules, except that the President pro Tempore of the Senate shall be chairman of the General Research Committee. After the first appointments are made, new appointments shall be made at the close of each subsequent general session. Vacancies occurring in the membership of each committee shall be filled by the appointing power.

Each such committee has continuous existence until such time as its existence is terminated by resolution adopted by the Senate, and each such committee is authorized to act both during and between sessions of the Legislature, including any recess.

Each such committee shall file a final report with the Senate by not later than the thirtieth calendar day of each general session.

Each such committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate, which provisions are incorporated herein and made applicable to said committees and their members. Except for the General Research Committee a majority of the members appointed to each committee shall constitute a quorum of the committee, and except for the General Research Committee no subcommittee shall be appointed consisting of less than a quorum of the committee.

Each such committee has the following additional powers and duties:

(a) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(b) To co-operate with and secure the co-operation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(c) To meet and act at any place within the State of California and, when authorized to do so in writing by the Senate Committee on Rules, to meet and act outside the State carrying out its duties.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

Any state agency which proposes the expenditure of any state funds for capital outlay providing for plans, specifications, construction or purchase of new facilities which are to be used for agricultural purposes shall first submit such proposals to the Fact Finding Committee on Agriculture to enable such committee to review

**LETTER OF TRANSMITTAL**

SENATE CHAMBER, STATE CAPITOL  
SACRAMENTO, June 15, 1961

Hon. Glenn M. Anderson  
President of the Senate  
Senate Chamber, State Capitol, Sacramento

MR. PRESIDENT: Pursuant to Senate Resolution No. 135, read and adopted June 5, 1959, at the Regular Session of the Legislature, and pursuant to Senate Committee on Rules Resolution No. 7, adopted September 15, 1959, the Senate Fact Finding Committee on Labor and Welfare submits a fact-finding report on California's farm labor problems, Part I.

This committee's study represents the first comprehensive inquiry into the agricultural labor situation in California in nearly 10 years. The committee has made every effort to conduct a fair and impartial investigation and to present an objective report. Concerning the many issues inherent in this subject, we have com-

mitted ourselves to deal not in hearsay or rumor but in facts. We have attempted to point out every area wherein factual data is incomplete or entirely lacking.

This task could not have been carried forth without the full and honest co-operation rendered by numerous agencies, groups, and individuals. We acknowledge with deep appreciation their assistance. Above all, however, we express our gratitude to the many working agricultural people—farmers and farm laborers—for their aid. For it is the individual farmworkers, employer and employee both, whose economic well-being is most immediately affected, about whose future we hold the ultimate concern.

Respectfully submitted,

JAMES A. COBEY, Chairman  
ALAN SHORT, Vice Chairman  
JOSEPH A. RATTIGAN (with reservations)  
ALBERT S. RODDA  
JOHN F. THOMPSON  
J. HOWARD WILLIAMS

By Senator Geddes:

#### Senate Resolution No. 201

##### Relating to farm program

WHEREAS, The proposed Agricultural Act of 1961, H. R. 6400 by Mr. Cooley of North Carolina and S. 143 by Senator Ellender of Louisiana, is essentially based upon the same sound principle of farmer self-help that has been so successful in California's own widespread program of marketing agreements; and

WHEREAS, The act recognizes that our abundance should be used to improve the diets and the health of children and needy persons in the United States and to strengthen the cause of democracy throughout the world; and

WHEREAS, The act seeks to improve our stewardship of the land through strengthening the system of democratically administered, independent soil conservation districts which has changed the face of the farming areas of the nation over the past 30 years; and

WHEREAS, The act intends also to conserve human resources on the land by strengthening the family farm and the co-operative organizations of family farmers and by offering an opportunity to marginal farmers and young farm people to upgrade their skills and their properties in the great tradition of the Farmers' Home Administration; and

WHEREAS, The act, through its provisions for the use of a variety of economic devices, suitable to differing situations which may arise in various crops, rather than by set and rigid formulas, affords farmers the opportunity to improve their position with little, if any, retail price increases and at no net cost to the public treasury; and

WHEREAS, It appears that programs under the act will be developed, administered and advised upon by democratically-elected committees of working farmers, subject to the sound principle of legislative review; now, therefore, be it

*Resolved by the Senate of the State of California, That Representative Cooley and Senator Ellender are congratulated upon their drawing of an act which should long stand as a landmark in national farm policy, and the California delegation to Congress is urged to give their strong support to the act in committee, and the Congress of the United States is urged to pass it with the sound agricultural and public policy principles embodied in it left unimpaired; and be it further*

*Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, to each member of Congress from California and to the chairmen and members of the House and Senate Agricultural Committees and the Secretary of Agriculture.*

Resolution read, and unanimously adopted on motion of Senator Geddes.

By Senator O'Sullivan:

**Senate Resolution No. 211**

Relating to the use of aircraft in the application of seed, fertilizer, pesticides and herbicides

WHEREAS, The agricultural industry of this State makes extensive use of aircraft in the application of seed, fertilizer, pesticides and herbicides, and

WHEREAS, Such use covers many crops in all sections of the State and is not limited as to area or commodity, and

WHEREAS, The lack of knowledge as to optimum condition of such factors as effect the even distribution of materials by aircraft has had widespread and serious impact upon farmers and may have significance to consumers, and

WHEREAS, Production costs can be reduced, yields can be improved, proper rates of application of pesticides and herbicides can be approached, and all segments of society benefited by a knowledge of the technical aspects of aircraft application of material and seed; now, therefore, be it

*Resolved by the Senate of the State of California, That the University of California be requested to give immediate consideration to the expansion of its existing research program as it relates to the problems associated with uniform distribution in the application of seed and materials to land and crops using those models of aircraft and spreading devices as are presently in common use in the industry and report its findings to the Senate Fact Finding Committee on Agriculture as soon as practicable.*

Resolution read and unanimously adopted on motion of Senator O'Sullivan.

"The foundation program established by this section for high schools with an average daily attendance of less than 301 shall not apply to any high school established after July 1, 1961 unless the establishment of such school has been approved by the Superintendent of Public Instruction.

SEC. 21. Section 17663 of said code is amended to read:

17663. A necessary small high school for the purposes of Section 17664, is a high school with an average daily attendance of less than 301, *or a junior high school with an average daily attendance of less than 75 in grade nine, which comes within any of the following conditions* ( [other than] *except that a single high school maintained by a unified district formed under the provisions of Sections 3001 to 3451, inclusive, or formed under Sections 813, 1481 to 1493, inclusive, 2811 to 2931, inclusive, 13005, 13554, and 21802, or a high school maintained by any district for the exclusive purpose of educating continuation, juvenile hall, physically handicapped, or mentally retarded pupils shall be considered a necessary small high school* ) [which comes within any one of the following conditions] :

(a) The projection of its future enrollment on the basis of the enrollment of the elementary schools in the district shows that within eight years the enrollment in high school in grades 9 through 12 will exceed 300 pupils.

(b) Any one of the following combinations of distance and units of average daily attendance applies:

(1) The high school had an average daily attendance of less than 100 in grades 9 through 12 during the preceding fiscal year and is more than 15 miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 20 miles or 25 percent of the pupils would be required to travel 30 miles one way from a point on a well-traveled road nearest their homes to the nearest other public high school.

(2) The high school had an average daily attendance of 100 or more and less than 150 in grades 9 through 12 during the preceding fiscal year and is more than 10 miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 18 miles or 25 percent of the pupils would be required to travel 25 miles one way from a point on a well-traveled road nearest their homes to the nearest other public high school.

(3) The high school had an average daily attendance of 150 or more and less than 200 in grades 9 through 12 during the preceding fiscal year and is more than 7½ miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 15 miles or 25 percent of the pupils would be required to travel 20 miles one way from a point on a well-traveled road nearest their homes to the nearest other public high school.

(4) The high school had an average daily attendance of 200 or more and less than 300 in grades 9 through 12 during the preceding fiscal year and is more than five miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 10 miles or 25 percent of the pupils would be required to travel 15 miles to the nearest other public high school.

(c) Topographical or other conditions exist in the district which would impose unusual hardships on the pupils if the number of miles specified above were required to be traveled. In these cases, the Superintendent of Public Instruction may, when requested, and after investigation, grant exceptions from the distance requirements.

(d) The Superintendent of Public Instruction has approved the recommendation of a county committee on school district organization designating one of two or more schools as necessary isolated schools in a situation where the schools are operated by two or more districts and the average daily attendance of each of the schools is less than 300 in grades 9 through 12.

SEC. 22. Section 18003 of said code is amended to read:

18003. The Superintendent of Public Instruction shall allow for each unit of average daily attendance attributable to growth, for each period referred to above, an amount which shall be computed as follows:

The average daily attendance [in the regular day schools] of the district during the period in the then current fiscal year and for the same period in the preceding fiscal year shall be computed in the manner prescribed in Sections 11251 to 11255, inclusive, and Sections 11301 to 11653, inclusive, *except that there shall be excluded the average daily attendance of adults, as adults are defined in Section 6352, and the average daily attendance in classes for inmates of any state institution for adults, or of any city, county, or city and county jail, road camp or farm for adults.*

The Superintendent of Public Instruction shall allow for each period for each district which was in existence for all purposes during the preceding fiscal year an amount equal to the difference between (1) the amount of basic state aid and state equalization aid which was apportioned on account of average daily attendance [in the regular day classes] in such district during the preceding fiscal year and (2) the amount [of basic state aid and state equalization aid] which would have been apportioned had the total average daily attendance [in the regular day classes] in such district during such year been equal to the total average daily attendance during the period of the current year, *and had the apportionment been computed by subtracting the district aid from the foundation program, multiplied for the first period by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175, and for the second period by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the current fiscal year to 175.*

In making any computation under Section 17702 for the purposes of this section, the assessed valuation of the district for the current year increased by the adjustments to the assessed valuation of the preceding fiscal year made under the provisions of Section 17602 of this chapter, shall be used.

SEC. 23. Section 18004 of said code is amended to read:

18004. The Superintendent of Public Instruction shall allow, for each period referred to above, to each school district which was not in existence for all purposes during the preceding fiscal year an amount which shall be computed as follows:

The average daily attendance [in the regular day schools] of the district during the period in the then current fiscal year shall be computed in the manner prescribed in Sections 11251 to 11255, inclusive, and Sections 11301 to 11652, inclusive, except that the computation of a day of attendance shall be determined according to the law in effect during the preceding fiscal year *and there shall be excluded the average daily attendance of adults, as adults are defined in Section 6352, and the average daily attendance in classes for inmates of any state institution for adults, or of any city, county, or city and county jail, road camp or farm for adults.*

The Superintendent of Public Instruction shall allow to each such district for each unit of average daily attendance so computed for the first period of the then current fiscal year an amount determined by dividing the total of the amounts of [basic state aid and state equalization] aid which would have been apportioned to such district during the current fiscal year on account of such average daily attend-

ance had the district been in existence for all purposes during the preceding fiscal year, *had the computation been made by subtracting the district aid from the foundation program*, and had the tax required to be levied for such district under Section 17905 or 17906, or 17905.1 or 17906.1, whichever are in effect, been levied, by such average daily attendance multiplied by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175.

The Superintendent of Public Instruction shall allow to each such district for each unit of average daily attendance so computed for the second period of the then current fiscal year an amount determined by dividing the amounts of [basic state aid and state equalization] aid which would have been apportioned to such district during the current fiscal year on account of such average daily attendance had the district been in existence for all purposes during the preceding fiscal year, *had the computation been made by subtracting the district aid from the foundation program*, and had the tax required to be levied for such district under Section 17905 or 17906, or 17905.1 or 17906.1, whichever are in effect, been levied, by such average daily attendance multiplied by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

In making any computation under Section 17702 or 17702.1, whichever is in effect, for the purposes of this section, the assessed valuation of the district for the current year shall be used.

SEC. 24. Section 18007 of said code is amended to read:

18007. If the total amount which may be allowed to all districts under subdivision (b) of Section 18001 for the first period during any fiscal year is less than the total amount allowed to all districts for the first period under this article (commencing at Section 18001), the amounts allowed shall be [reduced proportionately] *successively recomputed by adding one-tenth of one cent (\$0.001) to the district aid computational tax rate prescribed for use in making the computation for the then current fiscal year by Article 3 (commencing with Section 17701), or Article 7 (commencing with Section 17901), of this chapter, whichever is applicable, until there is no deficit.*

SEC. 25. Section 18008 of said code is amended to read:

18008. If the total amount which may be allowed to all districts under subdivision (c) of Section 18001 for the second period during any fiscal year is less than the total amount allowed to all districts for the second period under this article (commencing at Section 18001), the amounts allowed shall be [reduced proportionately] *successively recomputed by adding one-tenth of one cent (\$0.001) to the district aid computational tax rate prescribed for use in making the computation for the then current fiscal year by Article 3 (commencing with Section 17701), or Article 7 (commencing with Section 17901), of this chapter, whichever is applicable, until there is no deficit."*

821. If the offense charged is a felony, the officer making the arrest must take the defendant before the magistrate who issued the warrant, or some other magistrate of the same county[, as provided in Section 824].

If the defendant is arrested in another county, the officer must, [upon being required by the defendant] *unless otherwise permitted by this section*, take him before a magistrate in that county, who must admit him to bail in the amount specified in the endorsement referred to in Section 815a[, and] *or shall fix bail as otherwise provided by law or shall refuse to set bail, if such refusal is so authorized. If bail is fixed, the magistrate shall then direct the defendant to appear before the court or magistrate by whom the warrant was issued on or before a day certain which shall in no case be more than 10 days after such admittance to bail. If bail be forthwith given, the magistrate shall take the same and endorse thereon a memorandum of the aforesaid order for the appearance of the defendant. However, instead of taking the defendant to a magistrate in the county in which the defendant is arrested, the officer making the arrest may explain to the defendant the above provisions of this paragraph and, in such case, shall then inquire of the defendant whether the defendant wishes to be taken instead to a magistrate in the county in which the offense is alleged to have been committed. If the defendant elects to be taken to the latter county, the officer may then take the defendant before a magistrate of such county.*

[If the warrant on which the defendant is arrested in another county does not have bail set thereon] *If the magistrate refuses to fix bail as provided above in this section, or if the defendant arrested in another county [does not require the arresting officer to take him before a magistrate in that county] voluntarily waives his right to be taken before a magistrate in the county in which the arrest is made for the purpose of being admitted to bail, or if such defendant, after being admitted to bail, does not forthwith give bail, the arresting officer shall immediately notify the law enforcement agency requesting the arrest in the county in which the warrant*

was issued that such defendant is in custody, and thereafter such law enforcement agency shall take custody of such defendant [within five days] *without undue delay, and, in any event, within five days*, in the county in which he was arrested and shall take such defendant before the magistrate who issued the warrant, or before some other magistrate of the same county.

SEC. 3. Section 2 of this act shall become operative only if Section 821 of the Penal Code as proposed to be amended by Senate Bill 1208 is amended by the Legislature at its 1961 Regular Session and in such case at the same time as Senate Bill 1208 takes effect; at which time Section 1 of this act is repealed."
